

## Accessing the Wireless network in the Library

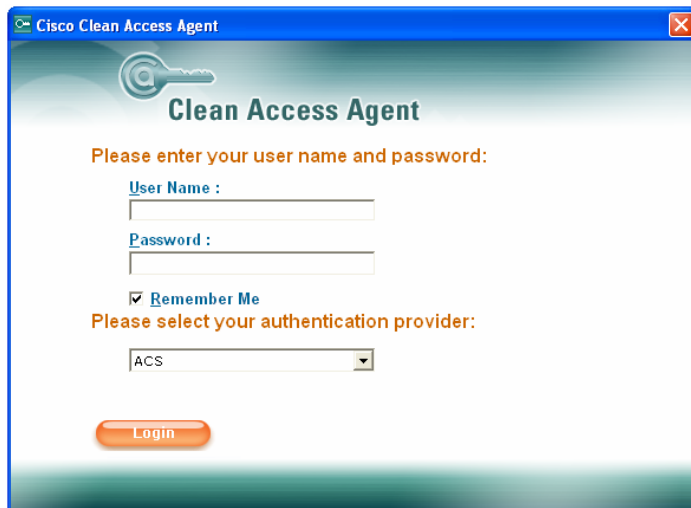

**Step 1:** Configure your laptop's wireless program to the Wireless network name: Student.

You will be asked to download and run/install the Clean Access Agent program.  
Proceed to Step 2 when the installation is finished.

**Step 2:** Double click on the Clean Access Agent program icon.

**Step 3:** Log in.

A screenshot of the Cisco Clean Access Agent login window. The window title is "Cisco Clean Access Agent". It features a key icon and the text "Clean Access Agent". Below this, it says "Please enter your user name and password:". There are two input fields: "User Name :" and "Password :". Below the password field is a checked checkbox labeled "Remember Me". Then it says "Please select your authentication provider:" followed by a dropdown menu showing "ACS". At the bottom is a "Login" button.

### HOW DO I LOG IN?

John Smith (#0123456) would enter his User ID as **js0123456**.

If John Smith's birth date is January 3, 1985, he would enter it as **010385**.

The password is your date of birth in mmddyy format.

**Step 4:** Click on OK, then open your browser.
