## **SECTION 6 – DISABLED VETERANS BUSINESS ENTERPRISE REQUIREMENTS**

California Education Code section 71208 establishes the “participation goals” for minority, women, and disabled veterans business enterprises (M/W/DVBE) on all contracts awarded by OWNER, with participation goals of fifteen percent (15%) for minority business enterprises, ten percent (10%) for women business enterprises and three percent (3%) for disabled veterans business enterprises. This statutory requirement is implemented by regulations promulgated in California Code of Regulations, Title 5, sections 59500-59509. Neither the statute nor the regulations impose an absolute requirement that contracts awarded by OWNER meet the M/W/DVBE participation goals. The statute, regulations and applicable law prohibit the application of strict numerical set asides unless there has been a prior factual finding of discriminatory practices. Accordingly, the failure of a bidder to have met the participation goals will not by itself render the bidder non-responsive so long as there is a show of good faith efforts by the bidder to meet the participation goals. For the definition of good faith efforts, see California Public Contract Code section 2000: <http://www.leginfo.ca.gov/cgi-bin/displaycode?section=pcc&group=01001-02000&file=2000-2002>.

### **ENCOURAGED PARTICIPATION**

Although not specifically required, bidders are encouraged to seek and include M/W/DVBE subcontractor and supplier participation in their bids. In addition, bidders are encouraged to note in their Expanded List of Proposed Subcontractors (Contract Appendix, Subpart D, Expanded List of Subcontractors) those subcontractors who qualify as M/W/DVBEs.

### **REQUIRED DOCUMENTATION**

Prior to, and as a condition precedent for, final payment under this Contract, the successful bidder will be required to provide documentation to the OWNER identifying the amounts paid to M/W/DVBEs, if any, in conjunction with this Contract so that OWNER can assess its success at meeting its M/W/DVBE participation goal.
