

Transfer Student Mentors

Some Insight to Transferring

Students, have you ever felt that the general information that you have received from the staff at the Transfer Center was helpful, but that you needed a more personal account of the transfer experience? Well we at the Transfer Center can empathize with a need for someone who has “been through it “ to be able to answer questions you may have about transferring or about your particular major. This is the reason why we have compiled a list of former Chaffey students who are willing and able to answer any questions in regards to making that well awaited transition from Chaffey College to a University. Inside this small pamphlet you may be able to find a student who shares an interest in your major or your university of choice. Should you have any other questions feel free to stop by the Transfer Center located on the first floor of the student services building Rm. 120, call us at (909) 652-6233, or contact us by e-mail at transfer.staff@chaffey.edu.

Other Resources

Along with the Transfer Student Mentors the Transfer Center offers catalogs for a variety of colleges and universities within California as well as out of state.

University representatives visit the Transfer Center from local colleges and other California

universities. Stop by and

make an appointment for a representative to talk to you about being on the right track.

Need some help filling out those lengthy applications? The Transfer Center staff is more than willing to help you fill out UC, CSU, private and out of state applications.

The Transfer Center also hosts campus trips at no cost to you, so why not take advantage of the opportunity to visit some of the campuses you are considering ?

If your experience receiving information from other students has inspired you to become a transfer mentor please share your experience with us at the Transfer Center and sign up to be a mentor once you transfer. It is a service that has helped students in making their own decisions about choosing the right school and helped students learn what

resources they too can take advantage of while attending their own school of choice. Help us help others. Should you have any other

transfer or college related questions feel free to come into the Transfer Center and our friendly staff would be more than happy to assist you. We are here to help our students reach their goals!
